About the Event

Global Finals 2024

May 22-25, Kansas City Convention Center, Kansas City, Missouri, USA

[Click here for maps of the venue.](#) A tournament-specific map will be available on-site and on our Global Finals app.

Image Description: The exterior of the Kansas City Convention Center in daylight. It is a large building made of metal, concrete, and glass. Its design features many triangular features.

What is This Resource?

An **event guide** (sometimes called an access guide, building guide, accessibility guide, or visiting guide) is a resource that highlights details of an upcoming event through photos, descriptions, and other helpful information. This resource is intended to help you plan your tournament days! Tournament questions can be directed to globals@dihq.org or 1-888-321-1503.

What to Expect at This Event

Navigating the Venue

Tournament maps are provided at Team Registration in the **Little Theatre** inside the Municipal Auditorium. During the tournament, additional assistance will be available at the following locations: Little Theatre, Bartle Hall B, and Room 2213.

Photos and descriptions are found later in this resource.

If you have been to Global Finals in Kansas City before, you may notice that the space has changed. It is normal for spaces to change, especially when they are used by many people! When you arrive, you may notice that there are different things hung on the walls, different furniture arrangements, or even bigger changes. You may notice smells that you didn't expect, or lights that are brighter or darker than our photos. We know that DI participants can use their creativity to adapt to these changes.

Image Description: The exterior of the Municipal Auditorium during the day. It is a large stone building with art deco design features. There are two marquee entrances, one of which is labeled "Little Theatre," which is where Team Registration can be found.

Team Challenges

Throughout the event, Destination Imagination (DI) teams will be presenting their work on a **Team Challenge**. The Team Challenge falls in one of six competitive categories: Technical, Scientific, Fine Arts, Improvisational, Engineering, Service Learning. You can learn more about this year's Team Challenges [on the DI website](#). Each Team Challenge has its own Presentation Site, or rooms specific to the Challenge. The size, seating options, and acoustics will vary greatly by Presentation Site.

Each team has an assigned **Presentation** time for Team Challenge. The tournament schedule can be found on the [Global Finals app](#). Teams should arrive at the Presentation Site at least 40 minutes prior to

the assigned time in order to begin the check-in process in the Prep Area. Engineering teams will need to check in 50 minutes prior to the assigned time. In the Prep Area, the team will work with the Prep Area Appraiser to check in all of the props, costumes, and anything else that will be used in the team's Presentation. Only the team and the Team Manager (their adult mentor) are allowed in the Prep Area. The **Presentation** is when the team members present how they solved their Team Challenge in front of an audience and a team of Appraisers (scoring officials).

A team's Presentation lasts eight minutes or less. The content of team Presentations will vary greatly, but it is likely you will see stories, scenery, costumes, and technical elements created by the team members. It is common for a team's Presentation to include lights, possibly including strobe lights and/or flashing lights. Team Presentations often include loud noises or music. However, most Presentation sites do NOT have sound systems, so it may be hard to hear the team. Audience members are welcome to laugh or applaud as they see fit.

When the team members are done with their Presentation, the Appraisers will ask them a few questions before they leave. Audience members can remain on the Presentation Site during these questions. After speaking with the Appraisers, the team will take their Presentation materials out of the Presentation Site. At this time, parents and team supporters may help the team remove materials from the Presentation Site.

Image Description: A Presentation site from Global Finals 2022. A team is performing with colorful scenery and costumes. Behind them is an open, classroom-style space with gray carpet and walls. In the background, a team of Appraisers is watching from a table.

Instant Challenges

An **Instant Challenge** (IC) is a smaller Challenge that is a surprise to the team on the day of the tournament. An Instant Challenge may involve a task, a performance, or a combination of both. Instant Challenges usually last ten minutes or less.

Teams are given a specific time to present their Instant Challenge. In most cases, it will be immediately following their Team Challenge Presentation. The team, the Team Manager, and the Appraisers are the only people allowed in the Instant Challenge areas.

Since many teams will utilize the same Instant Challenge at this event, teams **must not** discuss details of the Instant Challenge outside of the Cool Down room.

Spectators

Spectators, such as friends and family members, are welcome to attend this tournament. Spectators are welcome to view any Team Challenge Presentation. Please look for the doors marked “Audience Entrance” at each Challenge Presentation Site.

Please note: At many Presentation Sites, doors will be closed whenever a team is presenting, so spectators may be asked to wait to enter the Presentation Site.

Spectators will **not** be allowed to view any Instant Challenge presentations.

Image Description: Rows of spectators are seated in chairs, watching a volunteer who is speaking into a microphone.

Prop Storage

Prop Storage is the place where teams can store their props and other items needed for their Presentation. Prop Storage is located in **Bartle Hall** inside the Kansas City Convention Center.

Within Prop Storage, each team is assigned their own booth. Booths are numbered and arranged based on Team Challenge. Each booth will have its own sign with the team’s name and Team Number. Booths are separated by curtains that come in many colors.

Improv teams will not have Prop Storage booths; instead, they may visit Improv Park to practice and may store their Costume Design Kits in Show Office C within Bartle Hall.

Prop Storage also includes several areas called “garages,” in which teams can work on their props before their Presentation.

Prop Storage is a vast space that is often crowded with people and props in motion! There is often lots of noise and action. Learn more about the Prop Storage schedule, as well as how to deliver your team’s props to Prop Storage, on the [Global Finals website](#).

Welcome Ceremony

The Welcome Ceremony will take place **May 22** from 7:30-9:00 pm (doors open at 6:00pm) inside the Municipal Arena. The Welcome Ceremony is the official start of Global Finals 2024. The Ceremony will include speeches, songs, performances, and a Parade of Nations, featuring DI teams from around the world.

Teams, Team Managers, and spectators can be included in the Welcome Ceremony if they have their event credentials and a ticket. All attendees will have an assigned seat within the Municipal Arena. Most attendees wear t-shirts, hats, and/or light up items.

The Welcome Ceremony is a large event and includes many people. It is often noisy with music and cheering. Attendees are encouraged to clap and cheer as they see fit.

The Welcome Ceremony often includes a laser show. During the laser show, the arena lights will temporarily be turned off. This usually takes place towards the end of the ceremony.

Place awards will be given for each Team Challenge, based on their Competition Level:

- Elementary Level (EL): Grades K-5
- Middle Level (ML): Grades 6-8
- Secondary Level (SL): Grades 9-12
- University Level (UL): College/University Students

The following special awards may also be presented: DaVinci Awards, Renaissance Awards, and Spirit of DI Awards.

Teams that win awards will be asked to accept their medals on stage. If a team is not present or chooses not to accept onstage, they can receive their awards by mail.

The Closing Celebration is usually a high-energy event with lots of crowds and noise. Audience members are welcome to clap and cheer as they see fit. The Closing Celebration often includes a laser show. During the laser show, the arena lights will temporarily be turned off.

Photos and Videos

Photos/videos of a team's Presentation may only be taken if the team has given permission. This information will be announced before the team begins its Presentation.

What to Wear

All tournament participants and spectators are welcome to wear comfortable, weather-appropriate clothing. Our volunteers often wear vibrant, colorful clothing and hats to celebrate the event. It is also highly likely that you will see team members in costume for their Presentations.
